

Synthetic ERCOT Settlement Statement — Wildorado Wind

ERCOT-STMT-2026-0623-WILDORADO

SYNTHETIC SAMPLE FOR DEMONSTRATION ONLY

This document was generated for the VoltSentinel proof of concept. It is not a real contract, settlement statement, market notice, invoice, legal document, or operational instruction.

1. Settlement Statement Summary

Statement ID: ERCOT-STMT-2026-0623-WILDORADO. Market: ERCOT. Resource: WILDORADO_WIND_RN01. Settlement point: WILDORADO_RN.

This synthetic settlement statement summarizes interval settlement values and a potential revenue leakage item detected by VoltSentinel.

2. Settlement Line Items

Charge Code	Description	MWh	Rate / Price	Amount
MTR_ENERGY	Metered energy settlement quantity	21.05	\$29.84/MWh	\$628.13
CURT_SHORTFALL	Potential compensable curtailment shortfall	17.675	\$42.50/MWh	\$751.19
DISPUTE_HOLD	Amount pending commercial review	17.675	N/A	\$751.19

3. Reconciliation Notes

The CURT_SHORTFALL line is not an approved invoice adjustment. It represents a potential claim requiring contract review, data quality validation, and human approval.
